CONTENTS

VOLUME 30, NUMBER 1, JANUARY 1989

S. Boyages, J.-P. Halpern, G. F. Maberly, C. J. Eastman, P. Carr, Y. Dezhong, Y. Chuan-yi and J. Chenen: Effects of protracted hypothyroidism on pituitary function and structure in endemic cretinism 1

M. Batrinos, E. Georgiadis, Ch. Panitsa-Faflia and S. Stratigopoulos: Increased GH response to GHRH in normal tall men 13

G. Benker, P. Kotulla, P. Kendall-Taylor, D. Emrich and D. Reinwein: TSH binding-inhibiting antibodies in hyperthyroidism: relationship to clinical signs and hormone levels 19

P. J. Hale and M. Nattrass: Metabolic profiles in patients with insulinoma 29

A. Leake, H. W. Griffiths, J. A. Pascual and I. N. Ferrier: Corticosteroid-binding globulin in depression 39

Y. Li, D. H. Jiang, M. L. Wang, D. R. Jiao and S. F. Pang: Rhythms of serum melatonin patients with spinal lesions at the cervical, thoracic or lumbar region 47

V. Nunziata, R. Giannattasio, G. di Giovanni, M. R. d'Armiento and M. Mancini: Hereditary localized pruritus in affected members of a kindred with multiple endocrine neoplasia type 2A (Sipple's syndrome) 57

O. Serri, M. Somma, E. Rasio and P. Brazeau: Growth hormone-releasing factor increases serum prolactin concentrations in normal subjects and in patients with pituitary adenomas 65

J. A. Eden, J. Place, G. D. Carter, J. Alaghband-Zadeh and P. Pawson: Is the polycystic ovary a cause of infertility in the ovulatory woman? 77

Book reviews

I. R. Reid: Pathogenesis and treatment of steroid osteoporosis 83

Book reviews 105

VOLUME 30, NUMBER 2, FEBRUARY 1989

C. Marcocci, P. Vitti, G. Lopez, F. Santini, C. Mammoli, G. F. Fenzi and A. Pinchera: Simultaneous assay of thyroid adenylate cyclase- and growth-stimulating antibodies using FRTL-5 cells. Evidence suggesting their identity in patients with Graves' disease 109

B.-Å. Bengtsson, R.-J. M. Brummer, S. Edén and I. Bosaeus: Body composition in acromegaly 121

T. A. Howlett, J. A. H. Waas, A. Grossman, P. N. Plowman, M. Charlesworth, R. Touzel, L. H. Rees, M. O. Savage and G. M. Besser: Prolactinomas presenting as primary amenorrhoea and delayed or arrested puberty: response to medical therapy 131

D. Cunnah, L. Perry, J. A. Dacie, D. B. Grant, D. G. Lowe, M. O. Savage and G. M. Besser: Bilateral testicular tumours in congenital adrenal hyperplasia: a continuing diagnostic and therapeutic dilemma 141

P. J. Wormald, M. J. Abrahamson, P. H. Seeburg, K. Nikolics and R. P. Millar: Prolactin-inhibiting activity of GnRH associated peptide in cultured human pituitary cells 149

D. R. McCance, E. McIlrath, A. McNeill, D. S. Gordon, D. R. Hadden, L. Kennedy, B. Sheridan and A. B. Atkinson: Bilateral inferior petrosal sinus sampling as a routine procedure in ACTH-dependent Cushing's syndrome 157
A. Tsatsoulis, S. M. Shalet, A. Talbot and W. R. Robertson: Quantitative and qualitative changes in LH secretion following pulsatile GnRH therapy in a man with idiopathic hypogonadotrophic hypogonadism 167
S. L. Berga and S. S. C. Yen: Opioidergic regulation of LH pulsatility in women with polycystic ovary syndrome 177
T. A. Howlett, A. Grossman, L. McLoughlin, L. Perry, A. White, D. H. Coy, L. H. Rees and G. M. Besser: The effect of ovine corticotrophin-releasing factor on the hormonal response to insulin-induced hypoglycaemia 185
L. L. Ng, M. Harker and E. D. Abel: Leucocyte sodium content and sodium pump activity in overweight and lean hypertensives 191
Review
J. P. Royston: The statistical analysis of pulsatile hormone secretion data 201
Erratum 211

VOLUME 30, NUMBER 3, MARCH 1989

J. S. Bevan, S. L. Asa, M. L. Rossi, M. M. Esiri, C. B. T. Adams and C. W. Burke: Intrasellar gangliocytoma containing gastrin and growth hormone-releasing hormone associated with a growth hormone-secreting pituitary adenoma 213
A. A. A. Ismail, W. A. Burr and P. L. Walker: Acute changes in serum thyrotrophin in treated Addison's disease 225
S. Boesgaard, C. Hagen, A. N. Andersen, E. Eldrup and P. Lange: Effect of fenoldopam, a dopamine D-1 receptor agonist, on pituitary, gonadal and thyroid hormone secretion 231
P. L. Selby, H. H. G. McGarrigle and M. Peacock: Comparison of the effects of oral and transdermal oestradiol administration on oestrogen metabolism, protein synthesis, gonadotrophin release, bone turnover and climacteric symptoms in postmenopausal women 241
H. de Boer, F. Roelfsema, M. Frölich, H. A. C. Kamphuisen and A. P. van Seters: Plasma growth hormone profiles and sleep: a study of 13 treated acromegalics 251
S. Schifter: Calcitonin gene-related peptide and calcitonin as tumour markers in MEN 2 family screening 263
J. E. Dixon, A. Rodin, B. Murby, M. G. Chapman and I. Fogelman: Bone mass in hirsute women with androgen excess 271
M. K. El-Awady, M. A. Salam, Y. Z. Gad and J. El-Saban: Dihydrotestosterone regulates plasma sex-hormone-binding globulin in prepubertal males 279
T. D. M. Williams, S. L. Lightman, M. R. Johnson, D. J. S. Carmichael and R. Bannister: Selective defect in gonadotrophin secretion in patients with autonomic failure 285
H. C. Ford, W. C. Lim, W. N. Chisnall and J. M. Pearce: Renal function and electrolyte levels in hyperthyroidism: urinary protein excretion and the plasma concentration of urea, creatinine, uric acid, hydrogen ion and electrolytes 293
A. F. Macleod, D. G. Clarke, H. Pambakian, C. Lowy, P. H. Sonkesen and C. D. Collins: Treatment of acromegaly by external irradiation 303
M. Giusti, A. Lomeo, R. Torre, D. Sghedoni, G. Mazzocchi, R. Durante and G. Giordano: Effect of subacute cabergoline treatment on prolactin, thyroid stimulating hormone and growth hormone response to simultaneous administra-

tion of thyrotrophin-releasing hormone and growth hormone-releasing hormone in hyperprolactinaemic women 315

J. A. EDEN, J. PLACE, G. D. CARTER, J. ALAGHBAND-ZADEH and M. E. PAWSON: The role of chronic anovulation in the polycystic ovary syndrome: normalization of sex-hormone-binding globulin levels after clomiphene-induced ovulation 323

Book reviews 333

VOLUME 30, NUMBER 4, APRIL 1989

K. Y. HO, A. J. WEISSBERGER, M. C. STUART, R. O. DAY and L. LAZARUS: The pharmacokinetics, safety and endocrine effects of authentic biosynthetic human growth hormone in normal subjects 335

I. R. REID, P. D. GLUCKMAN and H. K. IBBERTSON: Insulin-like growth factor 1 and bone turnover in glucocorticoid-treated and control subjects 347

W. M. HAGUE, J. W. HONOUR, J. ADAMS, P. VECSEI and H. S. JACOBS: Steroid responses to ACTH in women with polycystic ovaries 355

J. DEVESA, L. LIMA, N. LOIS, C. FRAGA, M. J. LECHUGA, V. ARCE and J. A. F. TRESGUERRES: Reasons for the variability in growth hormone (GH) responses to GHRH challenge: the endogenous hypothalamic-somatotroph rhythm (HSR) 367

S. F. BEER, J. H. PARR, R. C. TEMPLE and C. N. HALES: The effect of thyroid disease on proinsulin and C-peptide levels 379

D. WYNICK, J. V. ANDERSON, S. J. WILLIAMS and S. R. BLOOM: Resistance of metastatic pancreatic endocrine tumours after long-term treatment with the somatostatin analogue octreotide (SMS 201–995) 385

P. CHIODERA, A. GNUDI, R. VOLPI, C. MARCHESI, M. MARCHESI, D. DAVOLI, L. CAPRETTI and V. COIRO: Effects of the GABAergic agent sodium valproate on the arginine vasopressin responses to hypertonic stimulation and upright posture in man 389

J. A. EDGE, D. H. HUMAN, D. R. MATTHEWS and D. B. DUNGER: Spontaneous growth hormone (GH) pulsatility is the major determinant of GH release after thyrotrophin-releasing hormone in adolescent diabetics 397

C. MASER-GLUTH and P. VECSEI: Corticotrophin-releasing factor-like immunoreactivity in human 24 h urine 405

J. A.. EDGE, P. HOURD, R. EDWARDS and D. B. DUNGER: Urinary growth hormone during puberty in normal and diabetic children 413

A. P. ZIS, R. A. REMICK, C. M. CLARK, E. GOLDNER, B. E. KELLY GRANT and G. M. BROWN: Effect of morphine on cortisol and prolactin secretion in anorexia nervosa and depression 421

R. WILSON, M. CHOPRA, H. BRADLEY, J. H. MCKILLOP, W. E. SMITH and J. A. THOMSON: Free radicals and Graves' disease: the effects of therapy 429

K. OVERGAARD, B. J. RIIS, C. CHRISTIANSEN J. PØDENPHANT and J. S. JOHANSEN: Nasal calcitonin for treatment of established osteoporosis 435

P. C. HINDMARSH, D. R. MATTHEWS, C. E. BRAIN, P. J. PRINGLE, L. DI SILVIO, A. B. KURTZ and C. G. D. BROOK: The half-life of exogenous growth hormone after suppression of endogenous growth hormone secretion with somatostatin 443

S. RÖJDMARK and L. WETTERBERG: Short-term fasting inhibits the nocturnal melatonin secretion in healthy man 451

G. S. CONWAY, J. W. HONOUR and H. S. JACOBS: Heterogeneity of the polycystic ovary syndrome: clinical, endocrine and ultrasound features in 556 patients 459

Book reviews 471

VOLUME 30, NUMBER 5, MAY 1989

D. VAN SCHAARDENBURG, F. ROELFSEMA, A. P. VAN SETERS and G. J. VIELVOYE: Bromocriptine therapy for non-functioning pituitary adenoma 475

J. ALBA-ROTH, M. LOSA, Y. SPIESS, J. SCHOPOHL, O. A. MÜLLER and K. VON WERDER: Interaction of clonidine and GHRH on GH secretion *in vivo* and *in vitro* 485

H. TAMAKI, N. AMINO, Y. IWATANI, J. TACHI, M. KIMURA, N. MITSUDA, K. ICHIHARA, O. TANIZAWA and K. MIYAI: Evaluation of TSH receptor antibody by 'natural in-vivo human assay' in neonates born to mothers with Graves' disease 493

S. M. GOW, G. CALDWELL, A. D. TOFT and G. J. BECKETT: Different hepatic responses to thyroxine replacement in spontaneous and ^{131}I-induced primary hypothyroidism 505

J. R. SECKL, M. R. JOHNSON and S. L. LIGHTMAN: Vasopressin and oxytocin responses to hypertonic saline infusion: effect of the opioid antagonist naloxone 513

M. D. PAGE, J. S. BEVAN, C. DIEGUEZ, J. R. PETERS and M. F. SCANLON: Cholinergic blockade with pirenzepine improves carbohydrate tolerance and abolishes the GH response to meals in normal subjects 519

H. TAMAI, Y. TAKAICHI, T. MORITA, G. KOMAKI, S. MATSUBAYASHI, K. KUMA, R. M. WALTER, L. F. KUMAGAI and S. NAGATAKI: Methimazole-induced agranulocytosis in Japanese patients with Graves' disease 525

F. BUZI, C. R. BUCHANAN, D. J. MORRELL and M. A. PREECE: Antigenicity and efficacy of authentic sequence recombinant human growth hormone (somatropin): first-year experience in the United Kingdom 531

C. J. THOMPSON, M. C. WHITE and P. H. BAYLIS: Osmoregulation of thirst and vasopressin secretion in Kallmann's syndrome 539

M. BALS-PRATSCH, U. A. KNUTH, W. HÖNIGL, H. M. KLEIN, M. BERGMANN and E. NIESCHLAG: Pulsatile GnRH-therapy in oligozoospermic men does not improve seminal parameters despite decreased FSH levels 549

B. M. SINGH and M. NATTRASS: Use of combined oral contraceptive preparations alters the insulin sensitivity of fatty acid and ketone metabolism 561

J. P. O'HARE, J. V. ANDERSON, N. D. MILLAR, N. DALTON, D. J. TYMMS, S. R. BLOOM and R. J. M. CORRALL: Hormonal response to blood volume expansion in diabetic subjects with and without autonomic neuropathy 571

A. B. ATKINSON, R. BEACOM, A. L. KENNEDY, D. R. HADDEN and B. SHERIDAN: Plasma ACTH responses to cortisol infusion are similar in patients with primary hypoadrenalism and patients studied some years after bilateral adrenalectomy for Cushing's syndrome 581

G. E. BUTLER, R. F. WALKER, R. V. WALKER, P. TEAGUE, D. RIAD-FAHMY and S. G. RATCLIFFE: Salivary testosterone levels and the progress of puberty in the normal boy 587

Book reviews 597

Notices 599

VOLUME 30, NUMBER 6, JUNE 1989

L. J. HOFLAND, P. M. VAN KOETSVELD, T. M. VERLEUN and S. W. J. LAMBERTS: Glycoprotein hormone alpha-subunit and prolactin release by cultured pituitary adenoma cells from acromegalic patients: correlation with GH release 601

I. H. Sherif, C. M. Vanderley, S. Beshyah and S. Bosairi: Sella size and contents in Sheehan's syndrome 613

L. Thuesen, S. E. Christensen, J. Weeke, H. Ørskov and P. Henningsen: The cardio-vascular effects of octreotide treatment in acromegaly: an echocardiographic study 619

B. P. O'Malley, F. D. Rosenthal, A. Exley, J. F. Falconer-Smith, J. Mahabir and K. L. Woods: Low serum TSH with normal total thyroid hormone levels: an indicator of free T4 excess 627

R. T. Brown, M. C. Lakshmanan, C. E. Baucom and R. J. Polinsky: Changes in blood pressure and plasma noradrenaline in short-term hypothyroidism 635

R. J. Dash, J. Ahmad, B. K. Sethi and R. Sialy: Failure of long-term cyproheptadine therapy in lowering growth hormone levels in acromegaly 639

T. T. Tan, P. Morat, M. L. Ng and B. A. K. Khalid: Effects of Lugol's solution on thyroid function in normals and patients with untreated thyrotoxicosis 645

N. Møller, R. Beckwith, P. C. Butler, N. J. Christensen, H. Ørskov and K. G. M. M. Alberti: Metabolic and hormonal responses to exogenous hyperthermia in man 651

P. J. Stafford, P. G. Kopelman, K. Davidson, L. McLoughlin, A. White, L. H. Rees, G. M. Besser, D. H. Coy and A. Grossman: The pituitary-adrenal response to CRF-41 is unaltered by intravenous somatostatin in normal subjects 661

J. S. Bevan and C. W. Burke: Perifusion studies of bromocriptine-treated and untreated macroprolactinomas: effects of dopamine, bromocriptine and TRH 667

A. M. Cabanillas, A. M. Masini-Repiso and A. H. Coleoni: Monoamine oxidase (MAO) activity and its forms in normal and pathological human thyroid tissues 681

A. J. Weissberger, K. Y. Ho and M. C. Stuart: Quantification of urinary growth hormone (GH) excretion by centrifugal ultrafiltration and radioimmunoassay: appraisal of the relationship between 24 h urinary GH and mean 24 h serum GH levels in normal and abnormal states of GH secretion 687

A. Giustina, G. Romanelli, M. Doga, G. Pizzocolo and G. Giustina: Effects of intranasal calcitonin administration on pituitary GH response to hGHRH (1-29)NH_2 in normal adult subjects 699
